

MODEL 9430 SPECIFICATIONS

Remote Display

Features

The Model 9430 Remote Display is designed to show up to four 3-digit numbers at a time. The Model 9430 Display has 2.5 inch tall digits viewable up to 80 feet and is encased in an aluminum extruded cabinet. Optional ceiling mounts are available in a single, double, or triple cluster for easy mounting in the center of or around the peripheral of a large retail area. Outdoor displays are also available.

Operation

The Model 9430 Remote Display is designed to operate with the Microframe Model 9010 Keypad to provide a continually refreshed Remote Display of up to 32 different 3-digit numbers from 000 to 999. The signal and power is received from a single cable connected to the Model 9010 Keypad. Up to four displays may be connected directly to the Model 9010 Keypad.
